

TOUGHROCK® CD CEILING BOARD

ToughRock® CD Ceiling Board is intended to be a wall and ceiling covering material in the construction of new buildings or the renovations of existing ones. It is specifically constructed to accommodate direct mechanical attachment to metal and/or wood framing (by screws or nails).

SPECS/SUBMITTALS

The paper on the front face (side to be finished) is ivory white; opposing side is grey. All paper used on faces and edges is made from 100% recycled material. Drywall has tapered long edges and square-cut ends.
