

BEADEX® ALL-PURPOSE JOINT COMPOUND

A HIGH-PERFORMANCE, MULTI-TASK COMPOUND USED FOR EMBEDDING JOINT TAPE, FINISHING DRYWALL, AND MORE.

Proudly offered by your local [Knez Building Materials supplier](#).

PRODUCT FEATURES

BEADEX All-Purpose Joint Compound, Ready-Mixed is specially designed to embed paper joint tape, finish gypsum panel joints, finish second and third coats, and hand-apply simple texturing. It is also recommended for laminating gypsum panels to gypsum panels repairing cracks in interior plaster and masonry that are not subject to moisture. It economically combines single-package convenience with good taping and topping performance. The product offers easy workability, excellent slip and bond (even in humid job conditions) and superior crack resistance. It can be used directly from the container and needs minimal thinning, mixing, and retempering. Joint finishing is fast, easy, and smooth, reducing labor costs while improving finished appearance.

The compound meets ASTM C475. This product is fire rated.
