

SHEETROCK® BRAND PLUS 3™ LIGHTWEIGHT ALL-PURPOSE JOINT COMPOUND

PROUDLY OFFERED BY YOUR LOCAL [KNEZ BUILDING MATERIALS SUPPLIER](#).

FEATURES

Knez Inc. is pleased to carry SHEETROCK® Brand Plus 3™ Lightweight All-Purpose Joint Compound. Delivering fast, easy and smooth quality joint finishing, this compound is ideal for embedding and finishing as well as simple hand-applied texturing.

SHEETROCK Brand PLUS 3 Lightweight All-Purpose Joint Compound, Ready-Mixed, offers all of the advantages of a standard-weight, all-purpose joint compound with three important improvements: up to 30-percent lighter by weight; very low-shrinkage formulation; designed for incredibly easy sanding. The product delivers excellent crack-resistance, strong adhesion, and ease of handling.

The compound is used for embedding and finishing joints and requires only two coats over corner beads and fasteners. It combines the conveniences of an all-purpose single-package with excellent topping and taping performance. It sands with the ease of a topping compound and bonds like a taping compound.

The compound meets ASTM C475. This product is fire rated.
