

Placor® 1 1/2" Radius Bullnose Plastic Corner Caps

Proudly sold at your local [Knez Building Materials supplier](#).

All of the following products have a 1 1/2" radius.

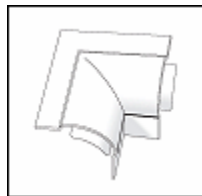

Model 187 Off-Angle 3-Way Corner Cap

Perfect in uses where three corners intersect at obtuse angles (larger than 90 degrees). Matching with plastic or metal bullnose corner beads is facilitated by the included alignment tongues.

Model 287 2-Way Corner Cap

This cap can be used absolutely anywhere two corners intersect orthogonally (i.e., at right angles).

Model 387 3-Way Corner Cap

Use this cap at the orthogonal (90 degree) intersection of three corners; this cap can save time by eliminating the need for mitering. This cap provides an exceptionally soft finished appearance.

Model 8790 Bullnose to 90 Degree Transition Cap

This product is designed to eliminate gaps between bullnose corner bead and baseboard or crown molding. This cap can be quickly and easily installed to be used with metal or plastic corner beads, and with baseboard or crown molding up to 4 1/4" in width.
