

PLACOR® PLASTIC TRIM

PROUDLY SOLD AT YOUR LOCAL [KNEZ BUILDING MATERIALS SUPPLIER](#).

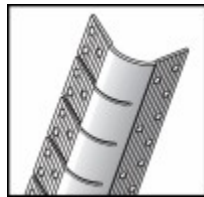

MODEL 85 STANDARD PLASTIC BULLNOSE

This trim delivers smooth, rounded corners. Striations (evenly spaced grooves and ridges) on flanges deliver excellent drywall adhesion. 3/4" Radius.

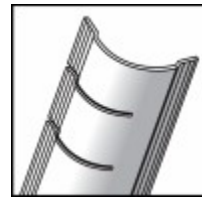

MODEL 1085 FLEXIBLE BULLNOSE ARCH

Finishing curved corners and arches is a breeze with the flexible bullnose arch. It is perfectly suited for convex or concave curves, as it is the most flexible bead available.

3/4" radius

1 1/2" radius

MODEL 1090 FLEXIBLE 90° ARCH

An enhanced 90 degree arch that has a semi-solid raised bead, making it the strongest model available. This model delivers the smoothest lines with no deformation, flat spots, or kinking.
