

Trim-Tex® Bull-Rail, Bullnose J Round and Bullnose J Round Corner Caps
Proudly sold at your local [Knez Building Materials supplier](#).

Bull-Rail

This is a decorative trim ready for application to any drywall. Create a bullnose accent horizontally, vertically or at any other angle you desire with the bull-rail. $\frac{3}{4}$ " radius.

Bullnose J Round Corner Bead

This bead gives door and window casings an appealing round finish, much like Bullnose Kerfed Corner Bead. However, this product can be installed after drywall because there's no leg to insert behind the drywall. Great for saving time. $\frac{3}{4}$ " radius.

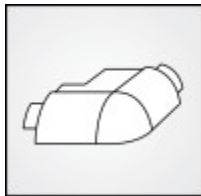

Bullnose J Round Inside Corners

Designed for matching two Trim-Tex Bullnose J Rounds intersecting at inside orthogonal angles. $\frac{3}{4}$ " radius.

Bullnose J Round Outside Corners

Designed for matching two Trim-Tex Bullnose J Rounds intersecting at outside orthogonal angles. $\frac{3}{4}$ " radius.
