

Trim-Tex® L Beads

Proudly sold at your local [Knez Building Materials supplier](#).

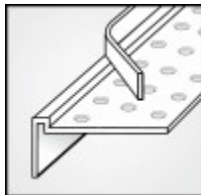

Pull Away Pre-Mask L Bead

This product features a revolutionary design that lets you remove the protective masking shield more quickly and with greater ease compared to competing products. It will leave no jagged tears or rusty steel lines. Available in widths of $\frac{1}{2}$ " and $\frac{5}{8}$ " and lengths from 8' to 12'; ask your Knez representative for help ordering the right fit for your needs.

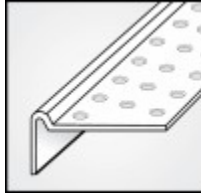

Tear Away L Bead

Use this product to effectively eliminate joint cement from ceilings and form a guide for the trowel. It has an appealing, clean finish. The tear away component is easily removed without ruining the finish. Available in widths of $\frac{1}{2}$ " and $\frac{5}{8}$ " and lengths from 8' to 12'; ask your Knez representative for help ordering the right product for your needs.

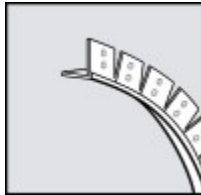

L Bead

A mud on L Bead made of rigid vinyl. Available in widths from $\frac{3}{8}$ " to $\frac{5}{8}$ " and lengths of 8' and 10'; ask your Knez representative for help ordering the right product for your needs.

Archway L Bead

Archway L Bead is two products in one: a $\frac{5}{8}$ " flexible L bead and a $\frac{1}{2}$ " flexible L bead. Ready for installation as a $\frac{5}{8}$ " L Bead, the product can easily be converted to the $\frac{1}{2}$ " size; it's as easy as bending along the prescored line and peeling off the strip. Comes in 10' length.
